### Invitation ICAR-INTERBULL 2021

Dear Madam, dear Sir,

We cordially invite you to attend the ICAR-INTERBULL 2021 conference in Leeuwarden, to be held from April 26 till April 30, 2021. This conference is organized by CRV in cooperation with Congressbureau Friesland, ICAR, INTERBULL and Interbull Centre.

The theme of the conference is

#### **'Circular economy, impact and challenges in animal performance recording'**

The conference will focus on:

- The value of genetic improvement and the role of herd management tools in circular farming approaches.
- Genetic improvement of bovine species by use of genomics and statistical data analysis.
- Standards for recording and processing data of phenotypic traits on cattle, goat, sheep, alpaca's.
- Application of tools for effective herd management around the globe.

Through attending this conference you will also be able to get more acquainted with the relevance of these aspects in the current operational environment for the Dutch dairy sector.

We are looking forward to meeting you in the Netherlands.

Yours sincerely,

Dr. H. Wilmink  
Chair Local Organizing Committee ICAR2021
